(i.e. sandblast sand) in cubic yard bags

Non-hazardous liquids for solidification and landfill \$ 250.00/55 gal drum

* Beginning on January 1, 2017 at 15% Environmental/Waste Management charge may be applied to the above hazardous/nonhazardous/special waste cost for certain TSDFs utilized by Martin Energy Services. The Environmental-Waste Water Management Charge is only for specific TSDFs, not applied to all TSDFs utilized, and not a tax or surcharge imposed by or remitted to any governmental agency. Contact MESEnvironmental@martin.mlp.com to receive a list of TSDFs whom the additional 15% Environmental/Waste Water Management Charge will be applied for.

• If drums are shipped in overpacks the cost will include an additional 1.5x cost fee. (ex: \$150.00 x 1.5 = \$225.00)

• Please note that the above prices **do not** include transportation.

ENVIRONMENTAL SURCHARGE - All projects subject to a 3% gross surcharge for compliance.
